

Generation 1 versus Generation 2

In Antahi's Generation 2 range of Flexi Tuber feeding equipment there are several design tweaks to the 'Suckle Up' Bottle (also included in Flexi Tuber Starter Kits). The bottle now has a slightly larger neck. Thus it is important to ensure that any replacement caps ordered are of the right generation of product.

Here's how to visually tell the difference between Generation 1 and Generation 2 products:

No longer available

Gen.1 Flexi Tuber Feeder Kit

ANT20A: No branding on bottle or cap

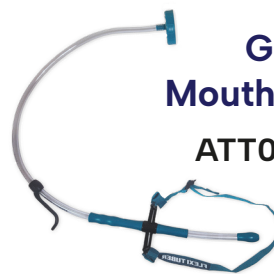

Gen.2 Flexi Tuber Feeder Kit

ATT03A: Trusti logo and large volume markers down side of bottle. Branded cap.

Gen.1 Flexi Tuber Mouthpiece, Tube and Cap

ANT20B: Hosetail is off-centre. No branding.

Gen.2 Flexi Tuber Mouthpiece, Tube and Cap

ATT03C: Hosetail is central. Antahi-branded.

Gen.1 Hosetail Cap

ANT01B: Hosetail is off-centre. No branding.

Gen.2 Hosetail Cap

ATT01B: Hosetail is central. Antahi-branded.

Gen.2 Cap and Teat

ANT10B: No branding.

Gen.2 Cap and Teat

ATT10B: Antahi-branded.

Here are the prices for both Generation 1 and 2 products:
